

## Letter of Support – From Pet Owner

May 18, 2025

To Whom It May Concern (National Science Foundation / NSF),

As a devoted pet owner and advocate for enhanced animal healthcare, I am writing to express my enthusiastic support for **PawSpace Ai+** and their mission to improve the lives of our beloved companions through cutting-edge technology.

Like many pet parents, I have experienced the anxiety of not knowing when my pet's subtle health changes could signal something serious. PawSpace Ai+ offers a powerful solution by enabling real-time health monitoring, proactive alerts, and early detection of potential issues through their AI-powered wearable devices. This technology gives pet owners like myself peace of mind and helps ensure that our pets receive timely care before problems escalate.

I am excited about the positive impact **PawSpace Ai+** will have on the lives of countless pets and their families. Their commitment to making advanced healthcare accessible and integrating seamlessly with veterinary professionals reflects a deep understanding of the emotional bond we share with our animals.

I wholeheartedly support their continued development and look forward to seeing **PawSpace Ai+** make a lasting difference in the world of pet health.

Sincerely,
